RESPONSE PURSUANT TO 37 C.F.R. § 1.111

Sir:

This is in response to the Office Action mailed March 27, 2001, the shortened statutory period for which runs until June 27, 2001. Please amend the application as follows:

In the Claims:

C1
Subj

17. (Amended) A method for accessing data over a network using a wireless device, the method comprising:
receiving a user-input entered through a wireless application;
in response to the user-input, executing the wireless application to generate a compressed query;
sending the compressed query to an external proxy server to cause the proxy server to request data from an Internet site;
receiving a compressed response from the proxy server, the compressed response including data from the Internet site; and
